

The Coast Wants Your Opinion:

As a Coast listener, you're probably aware that we've been working hard for the past several years to stay ahead of rapid changes in the radio and technology landscape.

Once again, we're asking for your opinion. Our goal is to continue to provide great content the way that you want it on the platforms you use most often, so we're inviting you to share your opinions about technology in our annual survey.

You are among a select group of listeners invited to participate and tell us how you use the radio, along with social media, smartphones, tablets, streaming and the web to stay connected to entertainment, news, and updates from The Coast – KOZT and other sources. Whether you use all these things or not, we really would like your opinion.

Your responses will be kept completely confidential, and we will never share your personal information with anyone. We'll only use the information you provide to enhance our service.

We do have to let you know that this survey may take you as long as **15-20 minutes** to complete, but you can stop, save your work, and resume at any time. Because of the many changes in technology, it covers a lot of ground. We hope you have the time to help us out and let us know your opinions.

When you're ready to take the survey, just click the link below to participate. We hope you'll find it to be an interesting way to reflect on your own changing habits as a Coast fan and radio listener. Here we go....
